Everybody Is A Star

Look up at the stars on a clear night,
and see in them a reflection of yourself.
Their brilliance is a thing to be cherished always,
just as your own brilliance should be cherished.

Allow them to inspire you,
and to alleviate your worries and your woes
gradually you will find the strength
to be a star to others,
When you feel crushed and down-trodden,
remember that stars may fall,
but their embers still burn bright.

Notice how the passing of a cloud will obscure the star
so it is with us; in life there are clouds that tend
to obscure the inner light we all possess,
and our beauty can go unrecognized and unacknowledged.
But once seen,
we can deny neither the personal beauty nor the star.
Both are still there.

Observe the patterns the stars make.
The world is our background,
the black sky; existance, the Big Dipper.
Each of us is a star in the Dipper,
and to take one away would be to destroy the image.
You belong, you have a purpose.
Find that purpose and let it shine.

Not all of us can be the star that guided the Magi,
or the Northern star,
or even the star that catches the eye first.
Most of us are those quietly shimmering stars that
gently persuade, and symbolize hope.

But everybody is a star.

Officers

Organized by Br. Edward Gresnigt in 1973, the National Honor Society has been one of the most active clubs at Santa Clara. Its primary purpose has been to promote Christian service and leadership throughout the school and community. Vicki Miranda, Anthony Sebedra, Rose Schumacher, and Michelle Dextraze have, as officers, organized many successful activities. These include the tutoring program, CCD, and Thanksgiving Food Baskets. The NHS is composed of some 90 members who have maintained a GPA of at least 3.0 and have in one way or another contributed to the welfare of their community.

The 1978 Officers
To be a member of this governing body of SC one quality must certainly be present--Devotion. The many hours an ASB officer puts into carry on an event such as this years Homecoming, is enormous. But it must pay off because they turn right around and stage another happening. This years events that were sponsored by the ASB have included dances, Bike a thon, food drives, masses, and Spirit Week. As far as Scott Pallais is concerned, "we've had a great year." Of course it would not be justice if we did not include the most important figure on top of this club...
Jim Swisher, who contributes to the Student Council are literally too numerous to mention. Many Thanks to all those generous people involved!

Regardless of her first year at SC, Miss Camarillo has coached the JV team to a 10-0 league record. The team was composed of five returning Jrs. who helped boost their overall record to 19-1 and regain its league title for the third year. With the determination the team has displayed, next year's Varsity looks very promising. "Just keep your heads and give it your best shot." If they stick to this motto, nothing can stop SC.

The 1978 edition of the SC girls Basketball team is already looking bright with 6 returning players from the Frontier Champion team of 1977. Ranked 3rd in Southern California and holding a first place lead in league, the Saints are eagerly looking for their 3rd consecutive league title.

Combine the talented Saint roster, blessed with a mixture of three 4 year veterans and enthusiastic newcomers, plus the winning style of Coach Sanders, and it adds up to a promising season with high hopes of a CIF Title.

ADMINISTRATION & FACULTY

Rev. Louis Gutierrez, Principal

Then said a teacher, "Speak to us of teaching."
And he said:
"No man can reveal to you aught but that
which already lies half asleep in the dawning
of your knowledge."
The teacher who walks in the shadow of the
temple, among his followers, gives not of his
wisdom, but rather of his faith and his lovingness.
If he is indeed wise he does not bid you enter
The house of his wisdom, but rather leads you
To the threshold of your own mind.

Airborne, suspended in space.
Too late to turn back,
There is only unfathomable promise ahead.
Promise of someday clasping our stars.
Although we may never reach that goal,
It is the participation that matters.
Not all of us will hit our targets.
Some will wander off course,
Some will run out of fuel.
If each of us claimed a star and
Carried it away,
There'd be nothing for those who follow.
Our hope is not in the treasure,
But in the quest.

Wishing on stars.

Underclassmen may be content with that.

They can afford to be idle,

Basking in bauty and fantasy.

But our years of leisurely dreaming

Are behind us,

And we are not that patient.

We are mulling over the maps,

And fueling for the journey,

Strapped in our seats,

Ready for the blastoff.

Not wishing on stars,

But shooting for them.

SOPHOMORES

SOPHOMORES

Sophomores

We have gazed at the stars so incessantly
That sometimes they appear dim,
And we wonder if they are really
there at all.
They may not seem as breathtaking,
But now we can distinguish
The strong star from the weak,
The beaming from the merely persevering,
And our hopes from childish fancy.
We are beginning to zero in on our stars,
And to devise the spacecraft to reach them.

FRESHMEN

FRESHMEN

Freshmen

For us the stars shine bright;
Innumerable, making us eager and hopeful.
Each time we look,
A new star is blinking
Where there'd never been one before.
Each day brings a challenge
That we cannot help but twinkle at.
We are clear and shining.
Piercing the apathy and boredom
Of those around us,
As the stars pierce the sky.

Acknowledgements

Being editor of this yearbook has been one of the most difficult jobs I've ever encountered at SC. However, the knowledge that you're creating one of the most memorable possessions that students cherish throught their life, is a rewarding feeling. There were many people involved in putting together ONWARD 78'. Many thanks to Greg Smith of O'Connors, Eric Julien, Pat Pinkerton, and Kashia Reyna for their photographic talents; Mr. Bradley, for his encouragement and attempts to enliven the class with humor, and the members of the staff who worked, (all 10 of them!) GOOD LUCK to the future staffs!!!!

Farewell to you and the youth I have spent with you.

It was but yesterday we met in a dream. You have sung to me in my aloneness, and I of your longings have built a tower in the sky.

But now our sleep has fled and our dream is over, and it is no longer dawn.

The noontide is upon us and our half walking has turned to fuller day, and we must part.

If in the twilight of memory we should meet once more, we shall speak again together and you shall sing to me a deeper song.

And if our hands should meet in another dream we shall build another tower in the sky.
